

There are many of us in the Okla. City area listening to 88.9 KLOVE. It means a great deal to us that, especially us that have children & grand children who are influenced by many radio stations that play music that condone sex, cursing, demonic issues among MANY other negatives. I feel our community would suffer great loss to have KLOVE reduced to a LPFM broadcaster. KLOVE is uplifting and nothing but positive can come of listening to the station. It is of great public interest in the greater OKC listening area and results to it can only be positive. How refreshing it is in our society today.
